TO: RPR Products, Inc. Customers

SUBJECT: MSDS Policy – Insul-Mate Metal Products

This is to inform you that we consider the above products “Articles” as defined by OSHA’s Hazard Communications Standard and therefore exempt from the data sheet requirements of these regulations.

An article is defined in paragraph (C) as follows:

(C) Definition: Article means a manufactured item:

- (i) which is formed to a specific shape or design during manufacture;
- (ii) which has an end use function(s) dependent in whole or in part upon its shape or design during end use;
- (iii) and which does not release or otherwise result in exposure to a hazardous chemical under normal conditions of use

The following Insul-Mate products meet the definition of an article;

Aluminum, Stainless Steel and Coated Carbon Steel (AZ60 or Galvanized) jacketing formed into rolls or sheets, elbows, wing seals, strapping and accessory products.

You may copy this letter as necessary for quick response to your customers.

For more information on our MSDS program, or if you have any questions, please call our Customer Service Group in Houston Texas.

Sincerely,  
RPR Products, Inc.

Robert J. Chovanec  
President
